WHY DO YOU RELAY?

Relay For Life of Washington County Saturday, June 25, 2011 Washington Square Noon-Midnight

What is the American Cancer Society Relay For Life?

The American Cancer Society Relay For Life is a 12-hour event that allows patients, supporters, families, businesses, civic organizations, churches and community volunteers to come together to fight cancer.

Teams walk relay style around Central Park, while enjoying activities off the track. Their goal is to raise money for the American Cancer Society. The funds raised help fight the disease through research, education, advocacy and patient services while providing the opportunity to *Celebrate, Remember* and *Fight Back* against a disease that has taken so much from our community!

Relay For Life is a community event that everyone can participate in. From the opening lap, to the emotional luminaria ceremony and triumphant final lap, Relay For Life is an experience that participants will cherish!
